

Les 55 DELEN MET REST

Voorbeeld:

$$26 : 3 = \underline{\hspace{2cm}}$$

Stap 1: Het getal 26 zit niet in de tafel van 3. Zoek daarom het getal dat er het dichtst onder ligt en wel in de tafel van 3 zit. *24*

Stap 2: Maak met dat getal de deelsom. $24 : 3 = 8$

Stap 3: Welk getal heb je niet gedeeld door 3? *2*
 Dat is de rest. Het antwoord is: *8 rest 2*

Vul in.

$$26 : 4 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$50 : 7 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$24 : 4 = \underline{6}$$

$$49 : 7 = \underline{\hspace{1cm}}$$

$$39 : 6 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$37 : 8 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$36 : 6 = \underline{\hspace{1cm}}$$

$$32 : 8 = \underline{\hspace{1cm}}$$

$$19 : 3 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$30 : 7 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$22 : 4 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$27 : 8 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$51 : 6 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$83 : 9 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$36 : 5 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$24 : 7 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$14 : 4 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$

$$19 : 8 = \underline{\hspace{1cm}} \text{ rest } \underline{\hspace{1cm}}$$
